## Description

#	Scope	Line Total
1	<b><u>Plumbing</u></b> <i>Material &amp; Labor Included:</i> Yes - Disconnect existing plumbing fixtures and cap supply lines as required. - Install new PEX water lines, making all necessary connections and pressure testing before closing walls. - Replace the existing garbage disposal, connect to plumbing, and test for leaks and functionality. - Install new shutoff valves for kitchen fixtures, ensuring all connections are leak-free.	\$3,300.00
2	<b><u>Drywall</u></b> <i>Material &amp; Labor Included:</i> Yes - Remove damaged drywall in the kitchen and haul debris off site. - Install new 1/2" drywall, tape joints and corners, and apply multiple coats of joint compound. - Sand between coats as needed and leave walls ready for primer and paint.	\$2,500.00
3	<b><u>Electrical</u></b> <i>Material &amp; Labor Included:</i> Yes - Install recessed lighting fixtures as per layout and connect to existing wiring. - Install two new GFCI outlets in the kitchen and test for proper function and safety. - Replace kitchen circuit breaker with an upgraded model and ensure circuits are properly connected and labeled.	\$4,700.00

4	<b>Flooring</b> <i>Material &amp; Labor Included: Yes</i> - Remove existing tile flooring and dispose of all debris off site. - Lay new LVP flooring throughout the kitchen, ensuring a secure and even installation. - Install new baseboards to match existing trim, scribing to walls as necessary and caulking edges.	\$5,400.00
5	<b>Demolition</b> <i>Material &amp; Labor Included: Yes</i> - Carefully remove existing cabinetry and disconnect all associated plumbing and electrical. - Remove countertops and all associated fixtures, leaving surfaces clear. - Clear and dispose of resulting debris off site, leaving the area ready for new installations.	\$1,500.00
6	<b>Countertops</b> <i>Material &amp; Labor Included: Yes</i> - Create precise templates for new quartz slabs, ensuring accurate cutting and fitting. - Install quartz countertops and secure properly, checking for appropriate overhang and stability. - Apply sealant to stone surfaces and secure with a quality finish for longevity.	\$4,200.00

**Subtotal** \$21,600.00

<b>Contingency Coverage (10%)</b>	\$2,160.00
Covers miscellaneous materials and unexpected repairs.	

<b>Tax (7%)</b>	\$1,512.00
<b>Total Cost</b>	\$25,272.00
<b>Deposit Required</b>	\$12,636.00
<b>Weekly Progress Payments × 4</b>	\$3,159.00
